Total number of GB-filled bombs destroyed this period	0
Total number of GB-filled bombs destroyed to date	28
Pounds of agent destroyed this period	23,439
Pounds of agent destroyed to date	415,332
Percentage of GB rockets destroyed to date	42.5
Percentage of GB bombs destroyed to date	1.2
Percentage of total agent tons destroyed	5.59
Number of igloos emptied	16

UMCDF Operations

- Safety is number one at UMCDF: employees have worked 375 days since the last lost-workday accident (Oct. 22, 2004).
- For the month of October, the UMCDF destroyed 7,489 rockets and nearly 40 tons of chemical agent.
- The facility plans to process bombs and ton containers over the next several days.

Boxes of survival supplies from the Cold War era stored in igloos at the Depot were recently inventoried. In all, 17 igloos were used for Civil Defense purposes between the late 1950s and mid-1970s. The supplies included medicines, C-rations, barrels of potable water and a manually powered ventilation system.

*Leading the
Way to a
Safer Future*

The Umatilla Chemical Agent Disposal Facility is safely destroying the stockpile of weapons stored at the Umatilla Chemical Depot while ensuring maximum protection for our workers, our community and our environment.
